

BHUMI SARAOGI

saraogibhumi@gmail.com | (+91) 9531657378 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SKILLS

Languages: Java, JavaScript, Python | **Frontend:** React.js, HTML, CSS, Tailwind CSS | **Backend:** Node.js, Express.js | **Databases:** MongoDB, SQL | **AI/ML:** Supervised Learning, Scikit-learn, Pandas, NumPy |

Tools & Concepts: Git, REST APIs, JWT Authentication, Responsive Web Design, Feature Engineering, EDA

EDUCATION

B.Tech. CSE | NSHM Knowledge Campus, Durgapur | CGPA: 7.21 (up to 5th Semester)

PROJECT EXPERIENCE

- **Anonify | Anonymous Social Platform | [GitHub](#) | [Live Demo](#)**
 - Built a full-stack anonymous social platform enabling users to share stories and interact without revealing identity.
 - Developed RESTful APIs using Node.js and Express for post creation, commenting, and moderation workflows. Designed scalable database schemas using MongoDB to manage anonymous posts, comments, and metadata. Implemented input validation, centralized error handling, and security checks to ensure reliable backend performance.
 - Deployed the application using Vercel, enabling real-world user testing and feedback.
- **Finlytics | Role-Based Expense Management System | [GitHub](#) | [Live Demo](#)**
 - Developed a full-stack expense management platform implementing role-based access control (RBAC) for Admin, Manager, Employee, and Finance roles.
 - Designed a multi-level approval workflow where employees submit expenses, managers approve/reject requests, and finance marks approved expenses as paid.
 - Built secure authentication and authorization using JWT, ensuring restricted access to role-specific functionalities. Implemented RESTful APIs and MongoDB schema design to manage users, expenses, approvals, and transaction status.
- **CreditWise Loan System | Supervised Machine Learning Project | [GitHub](#)**
 - Built an end-to-end supervised ML pipeline using KNN, Logistic Regression, and Naive Bayes to predict loan approval. Implemented Binary classification along with EDA, feature engineering & model evaluation(Precision, Recall, F1)

LEADERSHIP & RESPONSIBILITY

- **Technical Coordinator | College Coding Club**
 - Managed and maintained the official coding club website.
 - Handled feature updates, bug fixes, and performance improvements.
 - Collaborated with peers and juniors, improving adoption and usability.
