

BHUMI SARAOGI

saraogibhumi@gmail.com | (+91) 9531657378 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SKILLS

Languages: Java, JavaScript, Python | **Frontend:** React.js, HTML, CSS, Tailwind CSS | **Backend:** Node.js, Express.js, FastAPI, REST APIs, JWT Authentication | **Databases:** MongoDB, SQL | **AI/ML:** Machine Learning, Deep Learning, NLP, Reinforcement Learning, PyTorch, Scikit-learn | **Generative AI:** LLMs, Prompt Engineering, Agentic AI, Transformer Models | **Tools & Concepts:** Git, GitHub, Pandas, NumPy

EDUCATION

B.Tech. CSE | NSHM Knowledge Campus, Durgapur | CGPA: 7.21 (up to 5th Semester)

PROJECT EXPERIENCE

- **Anonify | Anonymous Social Platform | MERN | [GitHub](#) | [Live Demo](#)**
 - Built a full-stack anonymous social platform using the MERN stack, enabling secure anonymous posting and community interactions. Implemented RESTful APIs for post creation, commenting, and moderation, designed scalable MongoDB schemas, integrated input validation and centralized error handling, and deployed the application on Vercel for real-world accessibility.
- **AI-Powered Text Summarizer | NLP & Transformers | Python, FastAPI, T5 | [GitHub](#)**
 - Built an end-to-end text summarization web application using a fine-tuned T5 Transformer model and FastAPI. Implemented text preprocessing, tokenization, summary generation, and REST API integration, along with a responsive frontend for real-time text summarization. Deployed a complete NLP pipeline for generating concise summaries from long-form text.
- **SnapClass | AI-Powered Smart Attendance System | [GitHub](#) | [Live Demo](#)**
 - Developed an AI-powered Smart Attendance System using face recognition and voice biometrics, integrating computer vision, machine learning, and Supabase to automate student attendance, subject management, and real-time attendance analytics through an interactive Streamlit application

LEADERSHIP & RESPONSIBILITY

- **Technical Coordinator | College Coding Club**
 - Managed and maintained the official coding club website.
 - Handled feature updates, bug fixes, and performance improvements.
 - Collaborated with peers and juniors, improving adoption and usability.
